City and that it has been through the zoning process. Mr. Arroyo noted that this Plat was tabled at the last meeting due to multiple questions about the development. Justin Larkin with the Hoot Owl Development was present to answer any questions the Board might have.

- Debbie Saffell asked Justin Larkin to give some background on the name Hoot Owl. Mr. Larkin explained it was a family trademarked name for six generations.
- Debbie Saffell asked about the type of development. Mr. Larkin discussed the lots are mostly 1/5 of an acre with 70 foot frontage with slabs, walkouts and two stories. Price range would be between \$220,000 to \$280,000.
- Elijah Greene asked about how the street names were derived. Mr. Larkin discussed that the street names were also associated with the Hoot Owl trademark.
- Dale Arnold asked if the set-backs on each lot would allow drive parking without blocking the sidewalks. Mr. Larkin mentioned he has several builders that have house designs that will meet the required set-backs.
- Debbie Saffell asked if the builders were local. Mr. Larkin said all his builders were local and agreements were in place to require a minimum of a 4 lot purchase per builder to weed out questionable builders.
- Justin Larkin mentioned that he expects MoDOT to require a right turn lane but final distance was not yet determined.
- Debbie Saffell asked if the development had any green space or common area. Mr. Larkin responded that there was no common area other than the detention pond area. He mentioned that an HOA will be established and the covenants have already been written.
- Craig Shelton asked if he had a fee price for the HOA. Mr. Larkin did not have a specific price yet but expects it to be low since it would only include the cost to maintain the detention pond and development sign.
- James Pycior motioned to pass the Hoot Owl Estates-Preliminary Plat as read; seconded by Craig Shelton; during discussion Elijah Green suggested one of the street names change due to confusion between Hoot Owl Lane and Hoot Owl Street; Commission approved 6-0.

PURPOSE	To gain final plat approval for Hoot Owl Estates	
BACKGROUND	This property was voluntarily annexed into the City in 2017 and zoning was established as R-1 Single-Family for the residential part of the subdivision. The preliminary plat and final plat have been approved by the Planning & Zoning Commission.	
SPECIAL NOTES	The frontage of this subdivision is MoDOT right of way so the developer has gotten approval for ingress/egress for the development.	
ANALYSIS	This plat consists of 55 single-family residential lots, 1 tract for detention and 2 lots for future commercial development. This subdivision fits with the future land use plans for the area and has always been looked at as a spot for a residential subdivision with possible commercial mixed in. This design also allows for a second ingress/egress point for the existing Greystone subdivision which has been lacking. Final engineering approval will occur prior to the second read of the ordinance.

Re: Police Detective Replacement Vehicle

The current 2008 Dodge Charger detective vehicle has reached the target replacement of ten years. Replacement is needed to maintain fast and reliable response times to crime scenes to serve the community.

A Chevrolet Impala was chosen to maintain one car and one SUV for the detective vehicles, providing a diverse and inconspicuous vehicle to blend in with surroundings.

Quotes from MARC (Mid America Regional Counsel), Missouri State, and Local Dealership Molle Chevrolet were obtained. Molle Chevrolet came in lower than either contract.

Respectfully Submitted,

Andrew Woltz, Mechanic

Re: Police K-9 Patrol Replacement Vehicle

The current K-9 Patrol Vehicle, a 2011 Tahoe PPV 2wd has exceeded the target replacement of 72 months and or 100,000 miles. The current vehicle replacement was delayed a year due to low operating and maintenance costs. Replacement is being done before major repairs are needed, as the vehicle runs continuously for twelve hours each shift for the K-9 officer.

A Chevrolet Tahoe PPV 4wd was chosen for the replacement vehicle due to the ability to store all the needed equipment for the K-9 patrol with ease, reliability of the current vehicle, and space needed to properly upfit the vehicle for use. The replacement vehicle has the same options as the current vehicle, with the addition of four wheel drive to respond safely to calls in inclement weather.
