Municipal Code which stated that licensees shall be given no less than 10 days notice to appear before the Board of Aldermen; a motion from the Board to notify Charley's to appear will be needed

- Mayor Todd thought the establishment has hired legal representation and a public hearing was a consideration; Alderman Headley asked if there were consequences if representatives do not show for a public hearing; no consequences would be given; Alderman Bamman asked what would be the precedent for taking a less formal route than going through the formal revocation process; advantage is to figure out the facts and see how strong of a case is present but if the ordinance violations continue they will need to be seen in Municipal Court and in front of the Board of Aldermen; there is no reason not to move forward with the administrative hearing

 - Alderman Headley asked if there were any changes to the plans; plans will remain the same
 - Mr. Hunt reminded the Board that in the past the goal was to get the dependent amount of paid coverage up to approximately 75%; no increase to that coverage is being currently recommended as an RFP has been put out for comprehensive benefit and fringe study and any changes in the City's portion could take place on January after that study is completed
- Grain Valley Reemployment Assistance Program
 - With the impact of the Grain Valley Market closing, a plan to help employees was brought forward; Mr. Hunt presented an overall program to help businesses in Grain Valley who have experienced a closure or significant layoff; City could serve as a central source to residents for connection to resources already in place including unemployment compensation, Grain Valley Assistance Council, local resources, etc.; metrics will need to be set by the Board of Aldermen for moving forward
 - Mr. Hunt reviewed businesses within the City Limits; 27 businesses have 20 employees or more; Board of Aldermen will need to set the direction for how many employees a business should have in order to qualify for the program; program would go into effect when employees lose their job; utility billing deferment isn't costing the City money as it is just extending the time to pay a bill
