- June, 2018 Court Report
- July 9, 2018 Accounts Payable
- Alderman West made a Motion to Approve Consent Agenda
- The Motion was Seconded by Alderman Totton
 - No Discussion
- Motion to Approve Consent Agenda was voted on with the following voice vote:
 - o Aye: Bamman, Headley, Stratton, Totton, West
 - o Nay: None
 - o Abstain: None

-MOTION APPROVED: 5-0-

ITEM X: PREVIOUS BUSINESS

None

ITEM X: NEW BUSINESS

- Discharge of Fireworks-Future Regulations
 - Mayor Todd asked for consideration of establishing fireworks discharge dates that do not change year to year and the enforcement of the regulations; would like to consider budgeting for more officers during the fireworks season as officers can't respond to all the calls; approximately 30 residents contact Mayor Todd with comments on the discharge of fireworks this year
 - Mayor Todd suggested that fireworks be allowed on the 3rd and 4th of July and the first Saturday of the month, regardless of what date it occurs on; City Administrator Hunt noted that consistent hours and days are important; Jackson County dispatching encounters problems trying to dispatch based on each City's differing ordinances
 - Alderman Headley suggested that those selling fireworks include a copy of the discharge dates with every fireworks purchase and post the dates in the tent as well Alderman Totton asked what would happen to businesses such as the racetrack who want to have displays outside the dates; groups can approach the Board and ask for special permission

- Alderman Headley shared that Lee's Summit has a free permit process to know who is shooting fireworks but this would be hard to control
- Alderman Headley suggested that on high fireworks complaint days, outside of the allowed discharge dates, consideration could be given to placing someone at the police department to take the excess firework calls and then have extra officers who are responding just to these calls; Mayor Todd asked if one officer would be enough to handle the volume; Interim Chief Beale felt two officers would be more appropriate-one for each side of town; Mayor Todd asked how other cities handle the complaints; typically a warning is given followed by confiscation of fireworks and citation if necessary
- O Alderman Headley noted that limiting days that are allowed could be modeled after other cities; Alderman Bamman asked for the current ordinance allowance; discharge of fireworks is permitted on July 3rd, 4th, and 5th; Alderman Bamman suggested the Board consider amending the ordinance to cover July 3rd and 4th and a Saturday; residents would learn of the change when they purchase fireworks and also through distribution of information in city materials; 9AM-11PM suggested discharge hours
- Alderman West asked how residents will know that there will be penalties for discharging outside of the allowed time; social media, water bill, fireworks tents, City View and the newspaper can all be used
- O Alderman Totton asked what happens if the first Saturday is the 3rd or 4th as the third day will be lost; Alderman Stratton noted that this would only happen once every few years; July 2nd could be added only if the 3rd or 4th fell on Saturday or Sunday; discussion resulted that if the 3rd or 4th of July falls on the first Saturday then the 2nd of July will also be allowed; problem may be less about the regulated discharge dates and more about enforcement of the ordinance
- Residency Requirement for Certain Employees
 - Alderman Totton believes that certain positions need to live near Grain Valley but not necessarily inside the City limits, as long as they are able to arrive at City Hall within a reasonable amount of time for emergencies; currently City Administrator, Chief of Police, and City Clerk must live within city limits; currently no one has a residency requirement based on response time only; Mayor Todd asked for a proposal; Alderman Totton proposed that the current requirements for the above position switch from required to live within the city limits to a required response time of 20-30 minutes; City Administrator Hunt said that this is subjective but gives a starting guideline

- Alderman West asked if this would affect every employee; there are currently only three employees that have residency requirements; Alderman Totton felt the current requirements limit the candidates that could potentially be hired
- O Alderman Bamman was comfortable with a 30 minute radius but felt the measurement needed to be defined; Alderman Stratton suggested a radius of miles from City Hall; City Administrator Hunt suggested a 20 mile radius could be considered; City Administrator Hunt will prepare the ordinance with information showing a radius of 20 miles and a radius of 30 miles and at the first read of the ordinance the Board can formally select the desired distance for the second read
- O Alderman Bamman asked if the considered requirements would create a hardship for any of the parties it is applicable to; employees who would be impacted currently all meet those response times; Mayor Todd noted that the requirement doesn't really need to include the City Administrator position within the ordinance as those requirements are set by contract
- Alderman West asked if response time of employees has been an issue in the past; Alderman Headley shared that it had been an issue; City Administrator Hunt noted that residency requirements can be antiquated and dwindle down applicant pools; performance of the job doesn't change for those who live in the city limits and in fact requiring these positions to be residents can sometimes cause other complications

ITEM XI: PRESENTATIONS

- Lee Zell, National League of Cities (NLC) Service Line Program
 - o Mr. Zell provided the Board of Aldermen with information regarding emergency repair/replacement plans to address aging private sewer and water infrastructure; Missouri Municipal League has reviewed and has endorsed the program; program uses no city tax dollars and is a voluntary program made available to residents; program educates residents on the issue and difference between what repairs are typically covered by the City and what repairs are considered on private property; program gives residents option to cover water, sewer and also the inside structure of the home; users can cancel at anytime and can choose which plans they need; program is similar to a home warranty
 - Alderman Totton asked what lines public works fixes; on the water service city usually covers up to the meter
 - Alderman Headley asked if any damage that is done when the sewer line backs up is covered; homeowners insurance covers damage but doesn't fix the pipes; this program fixes the pipes

- o Mr. Zell noted that the City would need to the approve program; once approved, a letter is sent from City to residents but NLC prints and mails the letters
- City Administrator Hunt shared that the program with National League of Cities
 has been in place for many years but was recently endorsed by MML; Mr. Hunt
 suggested the Board take the information and review it before making a decision;
 Board can reconsider a motion at the next meeting

ITEM XII: PUBLIC HEARING

-Mayor Todd Opened the Public Hearing for the zoning change of Downtown Overlay District — Transition Zone to M-1 Light Industrial at 8:09p.m.-

- Property is 12 acres in size behind O'Reilly Auto Parts and Casey's General Store on the south side of Highway 40; site has been vacant and a large part of the site is a floodplain; commercial appeal has been low due to floodplain; BES LLC is the interested party and has a potential utility contractor tenant whose use would be M1 light industrial; large portion of land is unable to built upon so this is a valid request supported by staff; public hearing was held at the June Planning & Zoning meeting with approval
- Alderman Totton asked who owns the property; BES LLC, which includes Mr. Kissick present this evening, owns the property
- Alderman Bamman asked about zoning and property immediately to the south of the land; this is unincorporated Jackson County and is fairly empty

Mayor Todd opened the floor to citizens for comment:

None
