Memorandum

To: David Starbuck, Chief of Police; Ryan Hunt, City Administrator

CC: Tom Chamberlain, Operations Manager

From: Andrew Woltz, Mechanic

Date: 1/29/2016

Re: Police replacement vehicles

Three current patrol vehicles are needing to be replaced due to age, general wear from daily police use, and all having over 100,000 miles on them. With all the miles on the cars, they are starting to require more frequent maintenance and repairs. This may potentially lead to longer response times in emergency situations.

The best overall replacement vehicles are Ford Police Interceptor Utilities with all wheel drive. The Utility was chosen as the most versatile replacement in accommodating different officers, equipment, and transporting prisoners. All wheel drive has proven to be beneficial in inclement weather and similar handling characteristics of the current rear wheel drive patrol cars.

Respectfully Submitted,

Andrew Woltz, Mechanic
