

Attachment E – Alcoholic Beverages in the Building

Rules & Regulations

- \$35 alcohol permit is required when alcohol will be served and/or consumed.
- All serving and consumption of alcohol is to stay in the kitchen, the multi-purpose room, and/or meeting room.
- **NO ALCOHOL IS ALLOWED IN LOBBY AREA AND OUTSIDE THE BUILDING.**
- Kegs **MUST** be in the kitchen during the entire event and placed over the floor drain, which ensures renter's cleaning to be as minimal as possible.
- It is strongly recommended by GV Community Center staff that the renter uses someone from their party to serve alcoholic beverages through the existing kitchen window. A server (bartender) of the alcohol will help the responsible party monitor your guests to ensure they are of legal age and are not becoming intoxicated.
- The responsible party that has signed the contract is responsible for making sure there is no one under the legal drinking age consuming alcohol at their event.
- It is expected that the consumption of alcoholic beverages does not get out of control; police and the community center manager will be dispatched in such circumstances.
- A liquor license is required for selling alcohol that must be approved by City of Grain Valley.

Responsible Party Signature

Date

Any person violating facility rules and regulations may be requested to leave the facility, and possibly cause forfeiture of the renter's deposit.
